Rationale and key rating drivers

The reaffirmation of ratings assigned to bank facilities of Kallam Textiles Limited (KTL) is on account of delays in debt servicing of the company due to downturn in the industry and poor demand both in domestic and exports market leading to weak financial profile.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors

- Timely servicing of interest and principal repayment obligation coupled with a delay-free track record for a continuous period of more than 90 days.

Analytical approach: Standalone

Outlook: Not applicable

Detailed description of the key rating drivers:

Key weaknesses

Delaying of debt servicing

The company has made the disclosure of defaults on payment of interest / repayment of principal amount on loans from Indian Bank and Union Bank of India along with 9MFY24 results which were published on BSE on February 14, 2024. The company has not paid principal of ₹20.32 crore on the term loans. The banks have classified these loans as non-performing asset (NPA) and issued notices for recovery of these loans U/s13 (2) R.W.S 13(3) of SARFESAI Act, 2002. The company applied for restructuring of these loans and same is pending with banks.

Key strengths

Experienced management with long business track record

The Kallam group is engaged in the cotton ginning, pressing, weaving and other ancillary activities since 1956. Later, in 1992 the entire operations were transferred by incorporating separate entity Kallam Spinning Mills Limited (KSML), which is now known as Kallam Textiles Limited (KTL). KTL was promoted by Kallam Haranadha Reddy, and later it was handed over to its brother-in-law Poluri Venkateshwara Reddy in 2002. Currently, the company is managed by three key management personnel, Poluri Venkateshwara Reddy (MD), Gurram Venkata Krishna Reddy (CEO) and Movva Venkata Subba Reddy (Director and CFO). The current management of KTL, has experience of over three decades in the textile industry, and is well supported by experienced and qualified second line of middle management to run the daily operations of the company.

Integrated nature of business operations with diversified product base

¹Complete definition of the ratings assigned are available at www.careedge.in and other CARE Ratings Ltd.'s publications

KTL has a vertically integrated cotton processing capacity which includes ginning, spinning, weaving, dyeing, and processing activities. It has total roller of 28 nos (72,000 bales / Annum), which is of modern technology. The spinning activity includes a capacity of 59,280 ring spindles with a production capacity of 420 tons per month whereas the open-end division has a capacity of 500 tons per month. The company also deals in TFO (two for one) yarn which is the two staged process where the yarns are doubled and then twisted. This process involves twisting of two or more single yarns in order to enhance the properties of the end product such as strengthening the yarn. The group has around 17 TFO machines. It also does direct warping and sectional warping [also known as sizing].

Liquidity: Poor

The liquidity position of the company is poor on account of delays in receipt of receivables leading to cash flow mismatch resulting in delays in debt servicing.

With an established track record of rating companies over almost three decades, CARE Ratings follows a robust and transparent rating process that leverages its domain and analytical expertise, backed by the methodologies congruent with the international best practices. CARE Ratings has played a pivotal role in developing bank debt and capital market instruments, including commercial papers, corporate bonds and debentures, and structured credit.

Disclaimer:

The ratings issued by CARE Ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities or to buy, sell, or hold any security. These ratings do not convey suitability or price for the investor. The agency does not constitute an audit on the rated entity. CARE Ratings has based its ratings/outlook based on information obtained from reliable and credible sources. CARE Ratings does not, however, guarantee the accuracy, adequacy, or completeness of any information and is not responsible for any errors or omissions and the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE Ratings have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE Ratings or its subsidiaries/associates may also be involved with other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating/outlook assigned by CARE Ratings is, inter-alia, based on the capital deployed by the partners/proprietors and the current financial strength of the firm. The ratings/outlook may change in case of withdrawal of capital, or the unsecured loans brought in by the partners/proprietors in addition to the financial performance and other relevant factors. CARE Ratings is not responsible for any errors and states that it has no financial liability whatsoever to the users of the ratings of CARE Ratings. The ratings of CARE Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades.
