MANAGEMENT DISCUSSION AND ANALYSIS

TEXTILE INDUSTRY

According to the FICCI-IBA survey, lenders anticipate an improvement in overall asset quality over the next six months but have highlighted risks of high Non-performing Assets (NPA) in sectors such as textiles, food processing, and infrastructure. For the January to June 2024 period, approximately 76 per cent of respondents identified the textile sector as having high NPA levels. The survey indicated that sectors like agriculture, textiles and garments, MSMEs, and gems & jewellery might continue to exhibit NPAs over the coming six months. Bankers noted that these sectors diverge from the overall trend. The adverse international markets have affected the repayment capacity of some textile and garment units, and sector-specific conditions are expected to improve gradually. The survey, conducted by the Federation of Indian Chambers of Commerce and Industry (FICCI) and the Indian Banks' Association (IBA), included 22 banks, representing about 67 per cent of the banking industry by asset size. The respondent banks remained optimistic about asset quality prospects, supported by policy and regulatory measures. Over half of the respondent banks believe that Gross NPAs will range between 2.5-3 per cent over the next six months. The Financial Stability Report from the RBI, released at the end of June, indicated that scheduled commercial banks' gross NPA was at 2.8 per cent, and net NPA was at 0.6 per cent as of the end of March 2024. Respondent bankers cited factors such as a resilient domestic economy, upgraded credit assessment, continuous credit monitoring, lower slippages, high write-offs, and a healthy capital position as reasons for expecting further improvement in asset quality over the next six months. The FICCI-IBA survey also observed that the Indian economy and banking sector remain robust and resilient. With improved balance sheets, banks are supporting economic activity through sustained credit expansion. However, the survey noted that credit growth is surpassing deposit growth, which may lead to liquidity challenges for the banking system. Efforts to raise deposits to match loan growth are underway.

A textile company's NPA status in 2024-25 reflects deeper stress in the sector—high costs, regulatory disruption, weak demand.

At the same time, exports (especially technical textiles), government incentives (PLI, MITRA), and state-level investments offer a path to recovery.

The healthiest firms—those investing in sustainability, digitalization, and process upgrades—are emerging stronger, while heavily-indebted players may fall behind.

Overall, FY 2025 is shaping up as a transitional year: challenging for underperformers, but offering renewal potential for those ready to modernize.

Difficult Year for Textile Sector (FY 2023-24 and into FY 2024-25)

- Cotton prices in India were 10–15 % higher than international rates, weakening competitiveness.
- Combined with global demand slowdown and global conflicts, textile production was severely impacted. Capacity utilization in spinning was below 75%, garment units at 50–60%.

GLOBAL TEXTILE INDUSTRY

- India-UK FTA 2025: Strategic Insights for Textile Exporters and Importers
- India Briefing examines the transformative impact of the India-UK Free Trade Agreement (FTA) on the textile sector, offering data-driven insights, sectoral forecasts, compliance considerations, and strategic recommendations for Indian manufacturers, exports, and UK-based importers.
- The India and the United Kingdom (UK) FTA signed on May 6, 2025, marks a pivotal shift in global textile trade, especially for Indian exporters. The agreement, which addresses various aspects such as pricing, product specifications, regulatory alignment, and trade facilitation, is expected to potentially increase India's textile and apparel exports to the UK.

Kallam Textiles Limited

- India's textile exports: Key data and product segments
- India is the world's second-largest exporter of textiles and a major employment generator, providing livelihoods to over 45 million people. The country's vast and diverse textile industry contributes majorly to its trade portfolio, supported by a wide range of product categories—from raw materials to high-value finished goods.
- UK market access for Indian exports
- With the UK reshaping its global supply chains post-Brexit and India targeting US\$100 billion in textile exports, the FTA offers a timely opportunity for both countries. The terms of agreement provide Indian textile exporters with duty-free access to one of Europe's largest apparel import markets, enhancing price competitiveness and strengthening supply chain resilience.

COMPANY OVERVIEW

During the FY 23-24 the company made defaults in repayment of term loan instalments. The banks classified these loans as NPA and issued notices for recovery of these dues u/s 13(2) r.w.s 13(3) of SARFAESI Act, 2002. The banks also issued possession of the properties offered as security u/s 13(4) of the Act.

Further during FY 2024-25 the bank filed cases in DRT Visakhapatnam under Recovery of debts Section 19(4) R.D.D.B.F.I. ACT, 1993 and its pending.

During the FY 2024-25 the Union bank of India permitted to allow holding on operations with 6% cutback for a period of six months vide letter dated 09-12-2024.

Further FY 2025-26 Indian bank also permitted to allow holding on operations with 6.28% cutback for a period of six months commencing vide letter dated 08-07-2025.

The company had informed that to improve its operations and viability the unit has to run at its full working capacity. Since the company had turned NPA, Bankers are not able to support by way of sanction of fresh working capital limits. The Company applied for restructure of these loans which is pending.

At Present Un-utilized/ idle capacity is filled by way of Job work to the following Firms

- i) NSL textiles,
- ii) BRFL textiles Pvt Ltd.,
- iii) Innovative Textiles Ltd
- iv) Lorven Textiles LLP
- v) Wincare Textiles LLP

The management had provided on its future business outlook, estimated projected profitability and cash flows, possible recovery of dues from State government and further the management is in the process of negotiating with the lenders for restructuring of the loans and based on future outlook of the business as projected by the management, the management is of confident about positive outcome of its actions. In view of this, based on the management Projections, the statutory auditors have carried out review the financial statements and have issued an unmodified report. However, reference has been made to material uncertainty related to going concern in preparation of financial statements

Reasons for sickness:

The management undertook a comprehensive review of the operational and financial losses incurred by the unit. Several contributing factors were identified:

1. Lower Yield in Weaving Operations: Reduced efficiency in the weaving process adversely impacted output and productivity.
2. Increase in Electricity Charges: Elevated power tariffs levied by the government led to a substantial rise in fixed overhead costs.
3. Unfavorable Cotton Price Movement: Higher raw cotton prices, coupled with lower realization in finished goods, compressed profit margins

4. Low Capacity Utilization: Operations were affected by reduced capacity utilization, primarily due to constraints arising from the unit's NPA classification.
5. Lack of Bank Support: Banks did not provide support for discounting domestic Letters of Credit (LCs), impacting working capital flow.
6. Overall Weak Market Conditions: Industry-wide demand slowdown and price instability further worsened the unit's financial performance

The above stated reasons had adverse impact on the performance of the company which resulted into decrease in profitability of the company in FY 2024-25

OPPORTUNITIES & THREATS [SWOT ANALYSIS]

(i) Opportunities

The textile Industry scenario continues to be difficult and anticipated recovery process is at slow pace.

- ✓ High volatility in cotton price eroded the working capital of the Textile units, including spinning mills a part from affecting the profitability.
- ✓ MPE is "yarn selling price - clean raw material cost", i.e., conversion cost + profit. A considerable reduction in this value is continuing, indicating the slow recovery from stress faced by textile units.
- ✓ Our First Quarter ended with Loss and Second quarter is also expected to end with loss, though it may be in declining trend.
- ✓ Textile units are mostly under stress due to low profitability and slow pace recovery of the industry.
- ✓ Also, there is still no parity between the raw material price and the yarn selling price. The segment performed well when there was parity between the two factors
- ✓ The spinning mills are operating at low-capacity utilization due to low demand in international market due to:
 - Russia-Ukraine war
 - Recession in major international markets
 - Moving customer preference from traditional textiles to recycled textiles
 - High raw material cost
 - High volatility in raw material cost, etc.
- ✓ Disruptions in Raw Materials Supply
 - Declining cotton production from the level of 398 lakh bales to 320 to 330 lakh bales; India has become a cotton deficit country from state of net exporter of cotton.
 - India might require over 400 lakh bales to meet 360 lakh bales for domestic consumption and remaining for exports.
 - Man Made Fiber (MMF) Quality Control Orders stalled imports and disrupted supply of key MMF raw materials like Viscose Staple Fiber and Polyester Staple Fiber including specialty fibers (functional finish fibers, Bamboo, etc.) not produced in the country

Threats

- safety and health of the workers and staff;
- disrupted supply chains
- lack of demand or the fear significant drop in demand
- Lack of liquidity.
- Cotton contamination and quality problem.
- Increased pressure on prices.
- Competition from international brands.

OUR COMPETITIVE STRENGTHS:

Manufacturing facility with locational advantage and state-of-the-art machinery to deliver quality products

We have two manufacturing facilities in the state of Andhra Pradesh and our hydro power plant is located in the state of Telangana. Our manufacturing facility located in Guntur, AP enjoys locational advantage since Guntur is a major and

Kallam Textiles Limited

one of the best quality cotton growing areas in India that produces MCU5, which is long staple cotton and is suited for fine counts. It is also a major centre for cotton breeding in southern zone. Our Guntur unit is located NH16, Golden Quadrilateral connecting Chennai and Calcutta and in proximity to Krishnapatanam port and Vishakhapatnam port which helps in saving logistics cost for export operations. Further, our weaving and dyeing units are located near to tri-junction with highway access to Chennai, Hyderabad and Calcutta. All the manufacturing facilities are well equipped to deliver quality products.

Quality control measures

Our Company has implemented stringent quality control measures to produce superior quality yarn and fabric for our domestic and international customers. As the quality of our products depends on the raw material quality, so we source the superior quality raw material from farmers/suppliers. We carry raw material inspection on Uster HVI Spectrum and UsterAfis Pro -2 for 2.5% SL, uniformity, MIC, Strength, Short fiber content % and neps /grm. Bale management system is followed for consistent superior yarn quality, and for this, cotton stock is maintained for 5-6 months. Carding and combing process is optimized for NRE of 75% to 85% and 65% to 70% respectively. RIETER D35 /D40 / D45 draw frames are maintained for less than 0.50%. In ring frame breakages are maintained below 5 to 6 breaks per 100-spindle hour. In auto coner utmost care is taken for achieving 85% splice strength with defect-free packages.

Further, apart from in process inspection system, our mill has adopted stringent final inspection procedure before dispatching yarn to its customers.

Wide range of products across cotton yarn and woven fabrics businesses

We have continuously expanded our range of products to cater to the customized requirements of our customers. Our product range includes Ring Spun combed yarn (from Ne.30s to Ne.80s combed warp / compact), TFO ring spun yarn, Open End yarn (from Ne10s to Ne20s), TFO open end yarn,, BCI certified yarn and woven fabric such as yarn dyed shirting and bottom weight fabric. Our yarn dyed shirting includes cotton range and blended products.

Experienced management team with strong industry expertise

Our Managing Director, Mr. PoluriVenkateshwara Reddy, has been instrumental in developing Ginning Business of our Company. He has in depth knowledge in selection of Kapas and Cotton. Mr. GurramVenkata Krishna Reddy, Joint Managing Director and CEO, has vast experience in Manufacturing of Cotton Yarn. He also looks after the day-to-day affairs of the Company.

OUR STRATEGY**Improvement in range of our Products:**

We are focusing on development of more specialized and customized grades for specific applications in conjunction with our Customers. For this purpose, we are also focusing on improving our technical expertise to support customers and market development.

Customer relationship, sales, and distribution strategy

In India, we have been selling our products mainly to customers in South and Western India. Furthermore, our growth also depends on our ability to attract additional fabric and garment manufacturers, and distributors. Accordingly, we intend to continue to focus on developing and strengthening our sales and distribution network, and introducing integrated solutions for the benefit of our customers. As a part of our sales and distribution strategy, we propose to penetrate the domestic market further and at the same time we propose to continue our endeavor to establish a global presence for our products through the export market in the near future by further developing strategic relationships with key clients.

Captive power: Clean/Green Energy

We are working on reducing electricity cost. SITRA report on Energy monitoring is submitted. Operational Cost Optimization-Captive Power Electricity is one of our biggest costs by adding captive power generation will reduce our operational costs. Increasing our captive solar power generation will help us strengthen our PAT in the future. We have total requirement of 4.0 MW solar power to feed all the units so far we are executing net metering project under HT metering GNT 509, GNT3035 & ONG 828 totaling 3MW capacity.

Our fabric made of organic or BCI cotton in combination with clean energy will make our fabric more sustainable and attract clothing brands in the future.

FOR THE FINANCIAL YEAR ENDED ON 31st MARCH, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

To

The Members,

M/s. Kallam Textiles Limited,

(Formerly known as Kallam Spinning Mills Ltd)

Chowdavaram, Guntur.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Kallam Textiles Limited. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 according to the provisions of:

- (i). The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii). The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; (iii). The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv). Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings
- (v). The Following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') viz.:-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not applicable to the Company during the audit period)
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; (Not applicable to the Company during the audit period)
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not applicable to the Company during the audit period)
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (Not applicable to the Company during the Audit Period);

(vi). The Company has identified the following laws as specifically applicable to the Company:

1. The Textiles Committee Act, 1963 and the rules made thereunder;
2. The Textiles (Development and Regulation) Order, 2001
3. The Textiles (Consumer Protection) Regulations, 1988

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.
- (ii) The Listing Agreement entered into by the Company with BSE Limited and the Uniform Listing Agreement entered with the said stock exchange pursuant to the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (applicable with effect from 01st December, 2015).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above:

We further report that during the previous year, the Company had made defaults in repayment of term loan instalments to its bankers, viz., Union Bank of India and Indian Bank. Consequently, the outstanding loans were classified by the bankers as "Non-Performing Asset (NPA)" on 29th December, 2023, and recovery notices under Section 13(2) of the SARFAESI Act, 2002, were issued. Possession notices under Section 13(4) of the said Act were issued in March 2024. The Management had informed that an application for restructuring of these loans was submitted to the bankers, which was pending as on 31st March 2025.

During the year under review, the default in repayment of the said loans has continued, and the restructuring application remains pending with the bankers. In the meantime, the bankers have initiated legal proceedings for recovery of dues by filing cases before the Debt Recovery Tribunal (DRT, Visakhapatnam). The matter is sub judice as on the date of this report.

Emphasis of Matter

The term loans and working capital loans borrowed from Union bank of India and Indian bank were classified as Non-performing assets (NPA's) by the lenders and an amount of Rs. 28048.88 lakhs was outstanding for payment as on date of balance sheet. The lender banks issued notices for recovery of these dues u/s 13(2) r.w.s 13(3) of SARFAESI Act, 2002. Further, the banks also taken possession of the properties offered as security u/s 13(4) of the said Act, but based on management representation, the possession of assets is kept pending.

As stated in the said note that the management is in the process of negotiating with the lenders for restructuring of the loans and based on future outlook of the business as projected by the management, the management is of confident about positive outcome of its actions. In view of this, the management is of confident that the company will continue as a going concern and accordingly the statements has been prepared considering going concern assumption. The appropriateness of the going concern assumption is dependent on the company's ability to settle its dues to banks, outcome of proceedings before DRT, possible recovery of dues from State government in respect of subsidies, meeting its estimations of profitability and cash flows, favourable negotiations with banks as well as to establish consistent business operations.

Our opinion is not modified in respect of the matters stated above.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit matter	How the matter was addressed in our audit
1	Recoverability of deferred tax asset related to unabsorbed losses under Income-tax The Company has significant deferred tax asset in respect of unabsorbed losses under Income-tax and there is inherent uncertainty involved in forecasting of future taxable profits, which determines the extent to which the deferred tax assets are or not recognised. The recoverability of such deferred tax asset has been identified as key audit matter because the assessment process involves judgement regarding the future profitability forecast whether there will be taxable profits that support the recognition of these assets. This requires assumptions regarding future profitability which is inherently uncertain. Accordingly, the same is considered as key audit matter.	We evaluated the reasonableness of key tax assumptions, timing of reversal of temporary differences as well as evaluated the reasonableness of the forecasts of future taxable profits with reference to the historical forecasting accuracy considering the potential risk of management bias. These assumptions were based on the knowledge of the tax and operating environment in which the company operates. Considering the management estimates and forecasts of profitability, the tax credits as recognised is considered to be appropriate.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always

detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The company has neither declared any dividend during the year nor paid any dividend relating to previous financial year.
 - vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

The company made delays in repayment of its instalments in respect of term loans borrowed and Interest on working capital loans from Union bank of India and Indian bank aggregating to an amount of Rs.12964.11 lakhs with a delay of period varies from 1 day to 548 days.

In addition to term loan, the company also availed working capital loans from Union bank of India (Rs. 9311.57 lakhs) and Indian bank (Rs.5773.19 lakhs) aggregating to Rs.15084.75 lakhs which has become NPA on 31.12.2023 and the lender banks recalled the said loans and said amount was outstanding as on date of balance sheet.

- (b) The Company has not been declared as wilful defaulter by any bank or financial institution or government or any government authority.
 - (c) The company has not obtained any term loans during the financial year.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - (e) The company does not have any subsidiaries, associates and Joint ventures and hence reporting under clause 3(ix)(e) and (f) of the Order is not applicable.
10. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not raised any moneys on preferential allotment or private placements of shares. Hence the reporting requirement in terms of clause 3(x)(b) of the Order is not applicable for the year under report.
11. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year under report.
- (c) According to the information and explanations furnished to us by the company, no whistle blower complaints has been received by the Company during the year.
12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit issued to the Company during the year in determining the nature, timing and extent of our audit procedures.
15. In our opinion, the Company has not entered into any non-cash transactions during the year with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
16. In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b), (c) and (d) of the Order is not applicable
17. The Company has incurred cash losses during the financial year covered by our audit and also in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors of the Company during the year.
19. The company availed term loans and working capital loans from Union bank of India and Indian bank and the company made defaults in repayment of term loan instalments and working capital loans to the extent of Rs.28048.88 lakhs as on date of balance sheet. The banks classified these loans as NPA and issued notices for recovery of these dues u/s 13(2) r.w.s 13(3) of SARFAESI Act, 2002. The banks also taken possession of the properties offered as security u/s 13(4) of the Act and based on representation from management, the said possession is kept pending. The company applied for restructure of these loans which is pending. The company is required to pay an amount of Rs.28048.88 lakhs towards over dues and has to pay Rs.4213.08 lakhs towards current maturities due for FY 2025-26.

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, we believe that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. The management of the company applied for restructuring of said outstanding loan amounts and said proposal with the banks is in pending.

20. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) The company is not carrying on any CSR activities towards ongoing projects and hence the reporting under clause (3)(xx)(b) of the order is not applicable for the year under report.

Annexure “B” to the Independent Auditors’ Report

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **KALLAM TEXTILES LIMITED** (“the Company”) as of 31st March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES 2024-25

Note No.1**I. I. CORPORATE INFORMATION**

Kallam Textiles Limited (Formerly known as “ Kallam Spinning Mills Limited “) is incorporated on 18th February, 1992. It is a leading textile company engaged in the business of Manufacturing of Cotton Yarn, Dyed Yarn, Grey Fabric and Dyed Fabric. The company is also engaged in the business of generation of electricity through Hydel and solar energy. The company has its corporate office at Chowdavaram, Guntur.

Note No.2**II. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES****i) Basis of preparation****a) Statement of compliance**

These financial statements have been prepared in accordance with Ind AS as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

b) Basis of measurement

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) under historical cost convention on accrual basis of accounting except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India (SEBI). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The classification of assets and liabilities of the Company is done into current and non-current based on the operating cycle of the business of the Company. The operating cycle of the business of the Company is less than 12 months and therefore all current and non current classifications are done based on the status of reliability and expected settlement of the respective asset and liability within a period of 12 months from the reporting date as required by Schedule III to the Companies Act, 2013.

Accounting policies have been consistently applied except a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presented in Indian Rupees and all values are rounded to the nearest Lakhs, except otherwise indicated.

c) Significant accounting Judgments, Estimates and Assumptions

The preparation of the financial statements in conformity with Ind AS requires management of the Company to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosures relating to the contingent liabilities and commitments. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

The following are the critical judgements and estimates that have been made in the process of applying the company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

i) Depreciation and useful lives of property, plant and equipment and intangible assets:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset. The Company also engages third party qualified valuers to ascertain the fair value of the Property, plant and equipment which requires estimation and judgment in determining the fair values which can be subject to change.

ii) Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors

considered include the credit rating of the counterparty, past history of receivables, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

iii) Fair value measurement of financial instruments:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or liability, the Company uses market-observable data to the extent available. Where Level 1 inputs are not available, the fair value is measured using valuation techniques, including the discounted cash flow model, which involves various judgments and assumptions. The Company also engages third party qualified valuers to perform the valuation in certain cases. The appropriateness of valuation techniques and inputs to the valuation model are reviewed by the Management.

iv) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

v) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

vi) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

vii) Income Taxes:

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

viii) Defined benefit obligations:

The Company uses actuarial assumptions viz., discount rate, mortality rates, salary escalation rate etc., to determine such employee benefit obligations

ix) Other estimates:

The preparation of financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer concentrations, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

ii) Material accounting policies

The material accounting policies applied by the company in the preparation of financial statements are listed below. Such accounting policies have been applied consistently for all the periods presented in these financial statements, unless otherwise stated.

a) PROPERTY, PLANT AND EQUIPMENT

An item of Property, Plant and Equipment that qualified as an asset is measured at initial recognition at Cost. Following initial recognition, items of Property, plant and equipment are carried at cost less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management.

The company identifies and determines cost of each part of PPE separately, if the part has a cost which is significant to the total cost of that items of PPE and has useful life that is materially different from that of the remaining items.

Advances paid for acquisition of Property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets. Cost of the assets not put to use before such date are disclosed under 'Capital Work-in-progress'. Any subsequent expenditure relates to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. Items of spare parts are recognized as Property, plant and equipment when they meet the definition of Property,

Kallam Textiles Limited

plant and equipment. The cost and related depreciation are eliminated from the property, plant and equipment upon sale or retirement of the asset and the resultant gain or losses are recognized in statement of profit and loss.

b) INTANGIBLE ASSETS

Intangible assets are stated at cost of acquisition less accumulated amortization. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis from the date they are available for use.

c) BORROWING COSTS

Borrowing Costs, that are directly attributable to the acquisition or construction of assets, that necessarily take a substantial period of time to get ready for its intended use, are capitalized as part of the cost of qualifying asset when it is possible that they will result in future economic benefits and the cost can be measured reliably.

d) DEPRECIATION

The company has computed depreciation on Property, plant and equipment based on the useful lives as specified in Schedule II of Companies Act, 2013 under straight line method.

The intangible assets, being Computer Software is amortized over a period of 5 years on Straight Line Method

Depreciation methods, useful lives and residual values are reviewed periodically at the end of each financial year with the effect of any change in estimate accounted for on a prospective basis.

e) GOVERNMENT GRANTS

Government grants are not recognized until there is reasonable assurance that the company will comply with the conditions attaching to them and that the grants will be received.

Government grants related to revenue are recognized on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate. When the grant relates to an asset, it is recognized as deferred revenue in the Balance sheet and transferred to the statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

f) IMPAIRMENT OF ASSETS**i) Financial assets (other than at fair value)**

The company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are

measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost of sale and value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount and the carrying amount of the asset is increased to its revised recoverable amount subject to maximum of carrying amount.

g) INVENTORIES**1. Textile division :**

Inventories of raw materials, stores and spares, trading goods, work-in-progress and Finished stocks are valued at cost or net realizable value whichever ever is lower. Cotton Waste is valued at Net realizable Value.

Materials and other items held for use in the production of finished goods are not written down below cost if the finished goods in which they were incorporated are expected to be sold at or above cost.

The cost in respect of above items is measured as under:

Raw material are valued at cost and is arrived at based on actual identification of material on stock.

Work-in-progress at raw material cost plus conversion cost depending on the stage of completion.

Finished goods at material cost plus conversion cost and other overheads incurred to bring the goods to their present condition and location.

Stores and spares at weighted average cost of purchase and other direct expenses incurred

to bring the inventory to present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and costs incurred to make the products sold.

II. Power Division :

- a) Stock of banked power is valued at cost or net realizable value whichever is lower.

h) REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

- i) Revenue from sale of products is recognised when the entity satisfies a performance obligation by transferring the promised goods to customers and the goods are transferred when the customer obtains control over the goods and the company retains no effective control over the goods sold. Revenue is measured at the fair value of the consideration taking into account contractually defined terms of payment. Revenue is reduced for discounts, rebates and other similar allowances.

When there is any uncertainty as to the measurement or collectability of consideration, revenue recognition to the extent of amount of uncertainty is postponed until such uncertainty is resolved..

- ii) GST and other taxes is not received by the company on its own account as it is collected on behalf of government. Accordingly it is excluded from revenue.
- iii) Inter unit transfer of goods is accounted at market price at which the similar goods are purchased from external party.
- iv) Inter unit transfer of goods is accounted at market price at which the similar goods are purchased from external party.
- v) Interest income is recognized using effective interest method.

i) TAXES ON INCOME

Income tax expense comprises the sum of tax currently payable and deferred tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Current tax is determined at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases

of assets and liabilities and their carrying amounts in the financial statements. The carrying amount of deferred tax assets is reviewed at the end of each year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or subsequently enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities are recognized as income or expense in the year of enactment. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as deferred tax asset if there is convincing evidence that the company will pay normal Income Tax. Accordingly, MAT is recognized as part of deferred tax asset in the balance sheet when it is probable that future economic associated with it will flow to the Company.

j) SEGMENT REPORTING

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as deferred tax asset if there is convincing evidence that the company will pay normal Income Tax. Accordingly, MAT is recognized as part of deferred tax asset in the balance sheet when it is probable that future economic associated with it will flow to the Company.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.

Inter segment revenue has been accounted for based on the market related prices.

Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocated expenses".

k) RETIREMENT BENEFITS

The company provides retirement benefit in the form of provident fund and group gratuity. Contributions to the Provident Fund, a defined contribution scheme, is made at the prescribed rates to the provident fund commissioner and is charged to the Profit and Loss account. There is no other obligation other than the contribution payable.

The Liability for group gratuity, which is unfunded,

is provided based on actuarial valuation as per the Projected Unit Credit Method at the end of the each year. The company has not contributed any amounts to any fund. Remeasurement, comprising actuarial losses and gains, is reflected in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Such remeasurement losses/gains are not reclassified to profit or loss subsequently.

The Liability for Leave encashment being short term benefits, is accounted on accrual of said liability.

l) FOREIGN EXCHANGE TRANSACTIONS

The functional currency of the company is the Indian rupee and the financial statements are presented in Indian rupee.

Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction, and adjusted appropriately, with the difference in the rate of exchange arising on actual receipt/payment during the year.

At each Balance Sheet datee

- i) Foreign currency denominated monetary items are translated into the relevant functional currency at exchange rate at the balance sheet date. The gains and losses resulting from such translations are included in net profit in the statement of profit and loss.
- ii) Foreign currency denominated non-monetary items are reported using the exchange rate at which they were initially recognized.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in statement of profit and loss.

m) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when there is a present obligation as a result of past event, it is probable that the company will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Where the effect of time value of money is material, the amount of provision is the present value of the expenditure to be required to settle the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liability is disclosed for (i) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. The company does not recognise contingent liabilities but the same are disclosed in the notes.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

n) FINANCIAL INSTRUMENTS

Initial recognition:

The company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instruments. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities (other than the financial assets and liabilities at fair value through profit and loss) are added to or deducted from the fair value of financial assets and liabilities, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Subsequent measurement:

- i) Financial assets carried at amortized cost:

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- ii) Financial assets at fair value through other comprehensive income.

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

- iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

De-recognition of financial asset

The company de-recognises financial assets when the contractual right to the cash flows from the asset expires or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. The effective method is a method of calculating the amortization cost of a financial liability and of allocating interest expense over the relevant period. The effective interest is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the net carrying amount on initial recognition.

De-recognition of financial liability

The company de-recognises financial liabilities when the company's obligations are discharged, cancelled or expired. The difference between the initial carrying amount of the financial liabilities and their redemption value is recognized in the statement of profit and loss over the contractual terms using the effective interest method.

o) EARNING PER EQUITY SHARE

Basic earning per equity share is computed by dividing the net profit attributable to the equity shareholders of the company by the weighted average number of equity shares during the period. The company did not have any potentially dilutive securities in any of the years presented.

The number of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of financial statements by the board of directors.

p) CASH FLOW STATEMENT

Cash flows are reported using indirect method whereby the profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or

accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financial activities of the company are segregated.

q) DIVIDENDS

Final dividends on shares are recorded as a liability on the date of approval by the shareholders i.e the year in which the dividends are approved and interim dividends are recorded as a liability on the date of declaration by the company's board of directors.

r) RECENT ACCOUNTING PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2025, MCA has notified Ind AS 117 – Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.

On May 9, 2025, MCA notifies the amendments to Ind AS 21 – Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

Nature and purpose of Reserves:

Retained earnings : Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

Securities premium : Securities Premium represents the surplus of proceeds received over the face value of shares, at the time of issue of shares. This reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve : General Reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be reclassified subsequently to statement of profit and loss.

Revaluation Surplus : Revaluation surplus represents revaluation of its immovable properties being land and buildings at its fair market value and the resultant excess of its fair value over its book value is transferred to other equity as Revaluation surplus.

Fair value hierarchy**Note No.44**

The fair value of financial instruments as referred to above note have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identified assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements]

The categories used are as follows:

Level 1: Quoted prices for identified instruments in an active market.

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

This note provides information about how the Company determines fair values of various financial assets and financial

liabilities.

Fair value of the Company's financial assets and financial liabilities are measured at fair value on a recurring basis.

Some of the Company's financial assets are measured at the fair value at the end of each reporting period.

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables and Short Term Borrowings at carrying value because their carrying amounts approximate the fair value because of their short term nature. Difference between carrying amounts and fair values of bank borrowings, other financial assets and financial liabilities subsequently measured at amortised cost is not significant in each of the years presented.

Note No.45

The Company financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company financial assets comprise mainly of cash and cash equivalents, trade and other receivables.

The Company's business activities are exposed to a variety of financial risks namely credit risk, liquidity risk and foreign currency risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Board of Directors of the Company.

A. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer fails to meet its contractual obligation. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of the account receivables. Individual risk limits are set accordingly.

Receivables from customers

Concentration of credit risk with respect to trade receivables are limited, due to Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on a monthly basis.

On historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

Other financial assets

The Company maintains exposure in cash and cash equivalents and margin money deposits with banks.

The Company's maximum exposure of credit risk as at March 31, 2025 and March 31, 2024 is the carrying value of each class of financial assets.

B. Foreign currency risk management

"Foreign currency risk is the risk that the Fair value or Future cashflows of an exposure will fluctuate due to changes in foreign currency rates. Exposures can arise on account of various assets and liabilities which are denominated in currencies other than Indian rupee. The Company has not entered into any forward exchange contract to hedge against currency risk."

The Company manages currency exposures within prescribed limits. The aim of the Company's approach to management of currency risk is to leave the Company with no material residual risk.

The carrying amounts of the company's foreign currency denominated monetary items are as follows :

Particulars	31st March, 2025	31st March, 2024
Assets :		
Trade Receivables	-	-
Cash and Cash Equivalents	-	-
Liabilities :		
Trade and Other Payables	-	2.82
Net Assets / (Liabilities)	-	-2.82

Foreign currency sensitivity analysis

A 5% strengthening of the INR against key currencies to which the Company is exposed would have led to approximately an additional Rs. 0.29/- gain in the Statement of Profit and Loss. A 5% weakening of the INR against these currencies would have led to an equal but opposite effect.

C. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. Also, the Company has availed credit limits with banks. The Company maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended March 31, 2025 and March 31, 2024. Cash flow from operating activities provides the funds to service the financial liabilities on a day to day basis. Due to unfavourable market conditions, the company is incurring continuous losses and is unable to meet its financial commitments to banks as and when due and an amount of Rs. 12934.12 lakhs is pending due to the banks as on 31.3.2025. The company is taking necessary steps to repay the said debt and is in the process of negotiations with the banks for restructure of its debt obligations.

The Company regularly maintains the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short-term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess if any, is invested in interest bearing term deposits.

The company is repaying its borrowings as per the schedule of repayment and no amount was pending for remittance beyond its due date. Except of some normal delays.

All the amounts due to trade payables falls due within one year and the company is able to meet its obligations within the due dates.

In case of borrowings from banks, the maturity pattern and status on overdues has been given under Note no. 14 and 19.

The table summarises the maturity pattern of the company's financial liabilities based on contractual undiscounted payments.

Particulars	within 1 year Amount (₹)	1-5 years Amount	> than 5 years Amount	Total Amounts

Trade payables	1,448.24			1,448.24
Other financial liabilities	598.17	161.02		759.19

D. Interest risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, the management performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company, interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Exposure to Interest rate risk

Particulars	31st March, 2025
Total Borrowings	35,748.70
(All the said loans are with floating rate of interest)	
Interest rate sensitivity	
A change of 50 bps in interest rates would have following Impact on profit before tax	
An increase in 50 bps will decrease the profit by	153.09
A decrease in 50 bps will increase the profit by	153.09

E. Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on Management's judgment of its strategic day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence.

The Management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain, or is necessary, adjust its capital structure. The funding requirement is met through a mixture of equity, internal fund generation and other non current borrowings. The company monitors capital using gearing ratio which is debt divided by total capital.

Particulars	31st March, 2025	31st March, 2024
Interest bearing loans and borrowings (Long term and short term borrowings)	35,748.70	31,663.82

The Company has engaged the services of Central Depository Services Limited (CDSL) to provide the E-Voting facility.

The instructions for shareholders voting electronically are as under:

The E-Voting Sequence Number and period of E-Voting are set out below :

EVS (E-VOTING SEQUENCE NUMBER)	: 715
COMMENCEMENT OF E-VOTING	: Monday, 15th September, 2025 at 09.00 A.M
END OF E-VOTING	: Wednesday, 17th September, 2025 at 05.00

STEPS & INSTRUCTIONS FOR E-VOTING :

The instructions for shareholders voting electronically are as under :

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- i. The voting period begins on <Date and Time> and ends on <Date and Time>. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of <Record Date> may cast their vote electronically. The e-voting module shall be disabled by Big share for voting there after.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.
1. Pursuant to above said SEBI Circular, Login method for e-Voting **for Individual shareholders holding securities in Demat mode** is given below:

Type of shareholders	Login Method
